Craig

Thanks, you are correct.

In light of that I assume you have no objection to us receiving a 30 day enlargement to respond to the motion to dismiss?

please advise and thanks

Mark,

Confirming our call, First Bike is willing to jointly move the Court to transfer the case to the appropriate district court in California. You have also made a settlement demand on their behalf of Sixty Thousand Dollars ($60,000.00). We did not discuss any other proposed settlement terms.

After MySpace et al. have been consulted, I'll be back to you with a response on both points.

Regards,

Craig
